

STATISTICAL ANNEX

The definitions of the geographical regions used in the annex are as follows unless otherwise noted.

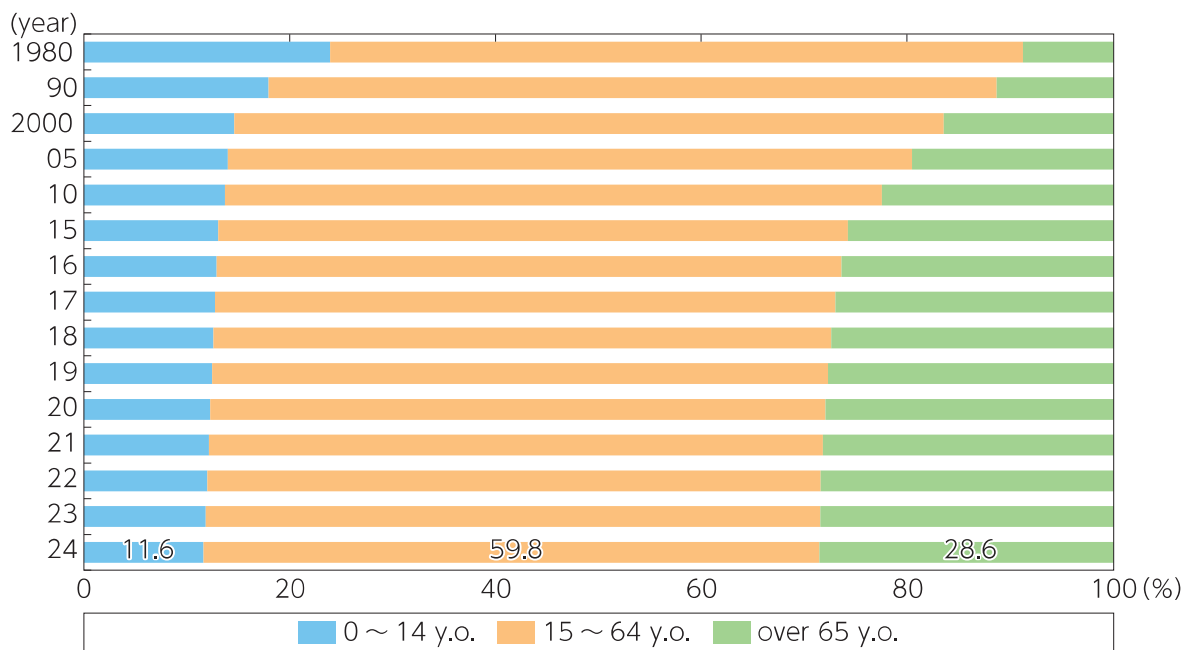

Region	Prefecture
Kansai	Type A: Shiga, Kyoto, Osaka, Hyogo, Nara, Wakayama
	Type B: Shiga, Kyoto, Osaka, Hyogo, Nara, Wakayama, Fukui
	Type C: Shiga, Kyoto, Osaka, Hyogo, Nara, Wakayama, Fukui, Mie, Tottori, Tokushima
Kanto	Ibaraki, Tochigi, Gunma, Saitama, Chiba, Tokyo, Kanagawa, Yamanashi
Chubu	Nagano, Gifu, Shizuoka, Aichi, Mie
Japan	All prefectures including the Kansai, Kanto and Chubu regions

Figure 1 Total population by region

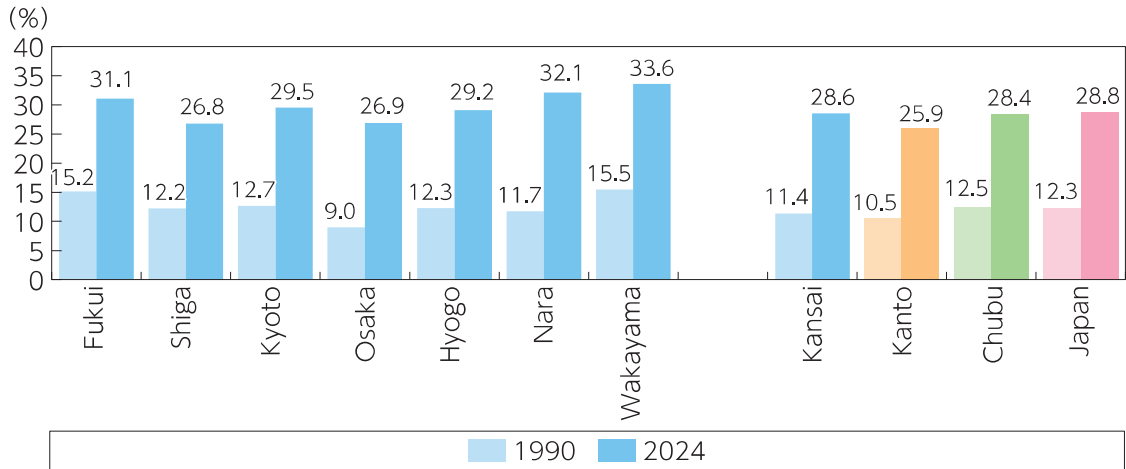

Kansai region: Type B
 Note: Level as of October 1 for each year.
 Sources: Statistics Bureau, Ministry of Internal Affairs and Communications, "Population Census" and "Population Estimates."

Figure 2 Kansai population by age group

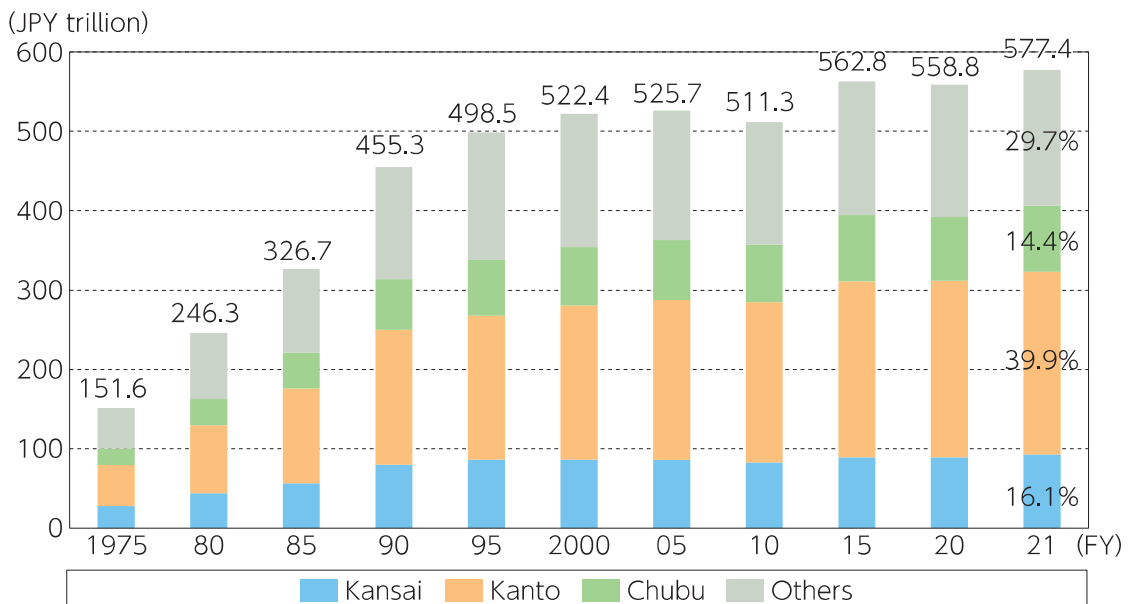

Kansai region: Type B
 Note: Does not include persons with unspecified ages.
 Sources: Statistics Bureau, Ministry of Internal Affairs and Communications, "Population Census". For 2010-23, Ministry of Internal Affairs and Communications, "Counts of population, vital events and households derived from Basic Resident Registration."

Figure 3 Population aging rates

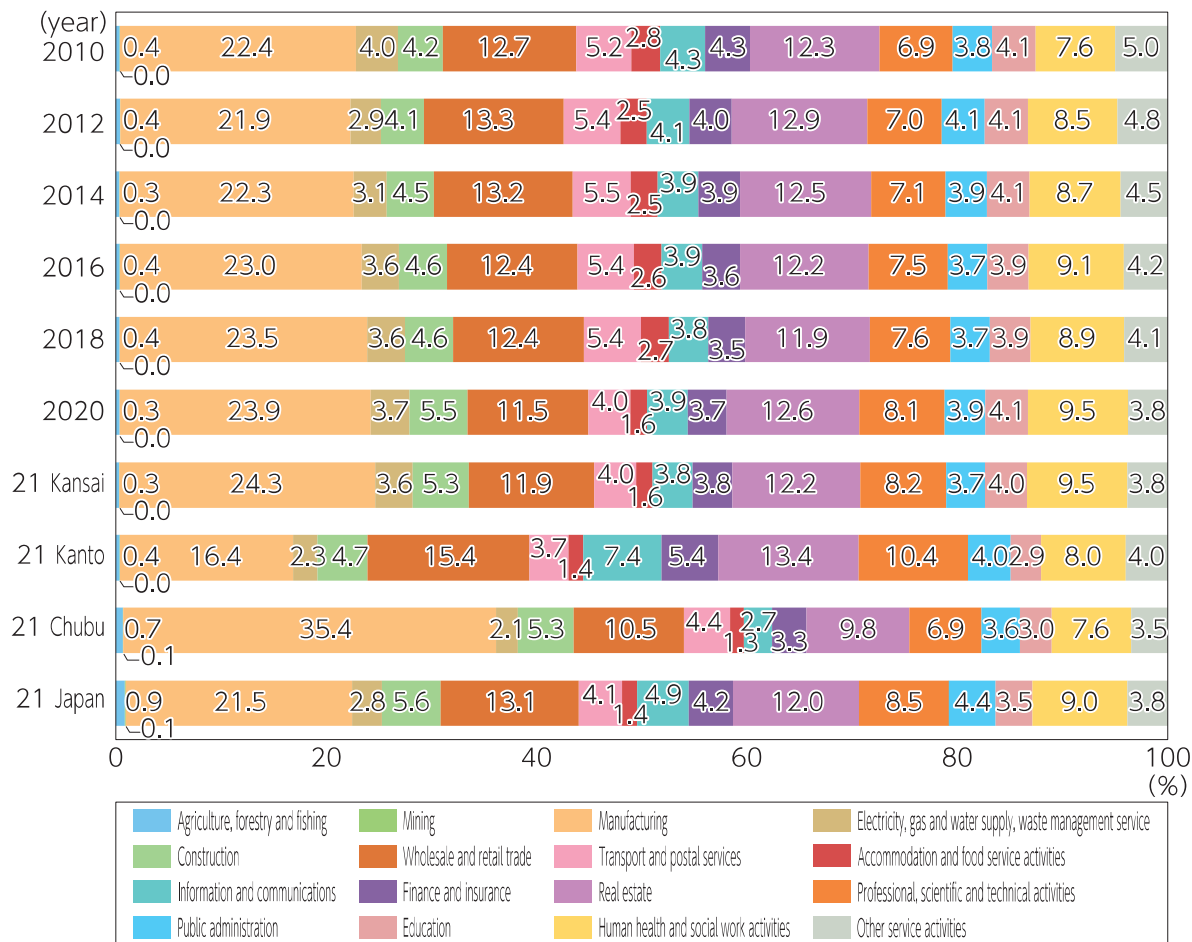

Kansai region: Type B
 Note: Population aging rate (%) = Population aged 65 and above / total population × 100. Level as of October 1 for 1990 and as of January 1 for 2024.
 Sources: For 1990, Health and Welfare Bureau for the Elderly, Ministry of Health, Labor and Welfare "Table of Figures for Health and Welfare Services Map for the Elderly".
 For 2024, Statistics Bureau, Ministry of Internal Affairs and Communications, "Counts of population, vital events and households derived from Basic Resident Registration."

Figure 4 Gross regional product (GRP) trends

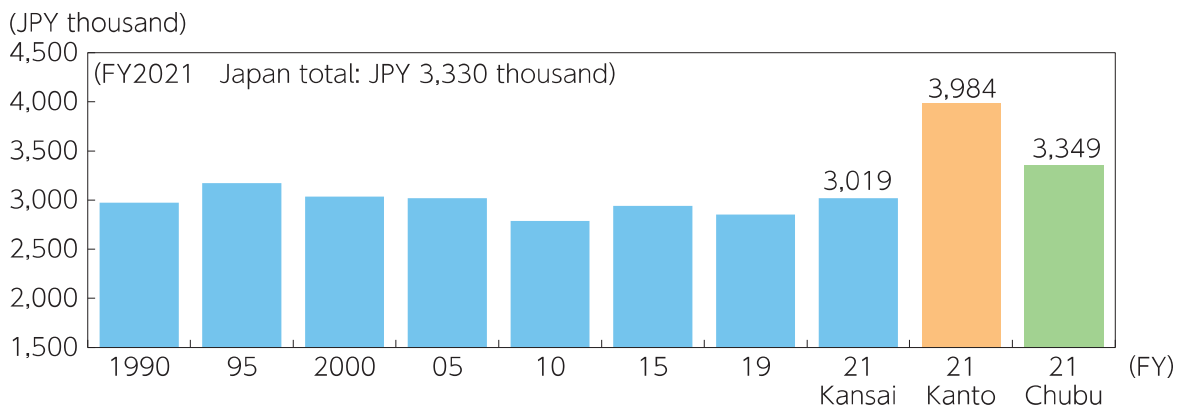

Kansai region: Type B
 Note: The 1975-90 period is based on the 1968 SNA, the 1990-2005 period on the 1993 SNA, and the 2006-21 period on the 2008 SNA.
 Source: Cabinet Office, "Annual Report on Prefectural Accounts"

Figure 5 Trends in the GRP shares of economic sectors

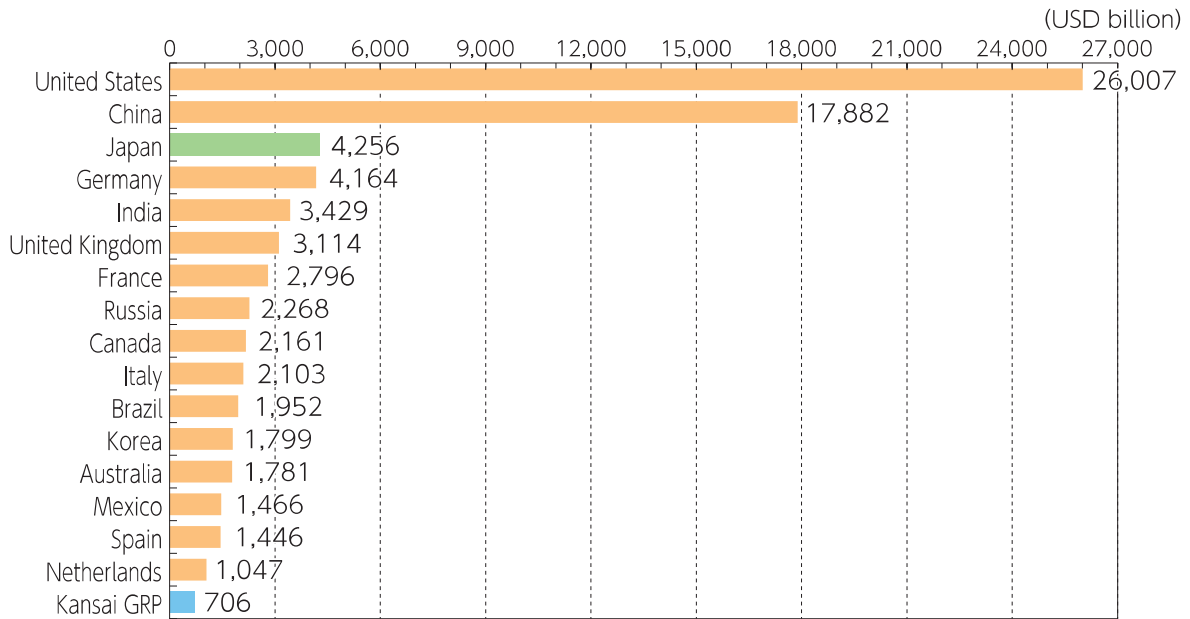

Kansai region: Type B
 Note: The values used for the calculation of the shares do not include imputed interest.
 Source: Cabinet Office, "Annual Report on Prefectural Accounts"

Figure 6 GRP per capita

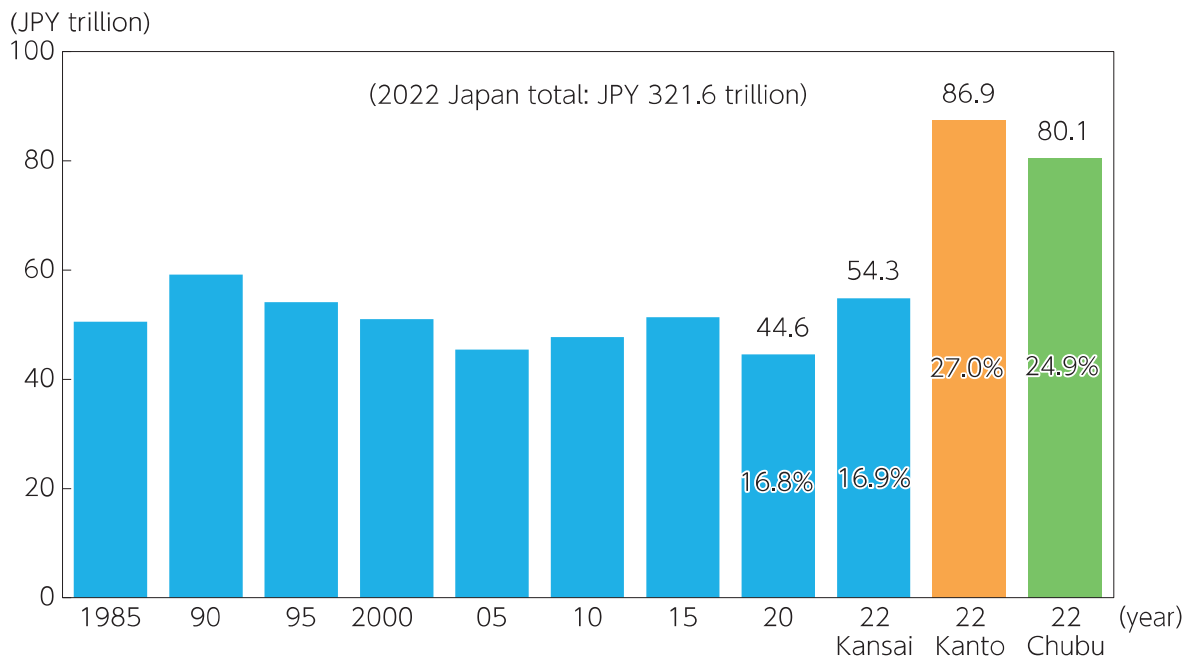

Kansai region: Type B
 Source: Calculated using the Cabinet Office's "Annual Report on Prefectural Accounts" and the Statistics Bureau, Ministry of Internal Affairs and Communications' "Population Estimates."

Figure 7 Kansai's GRP and sovereign states' nominal GDP (2022)

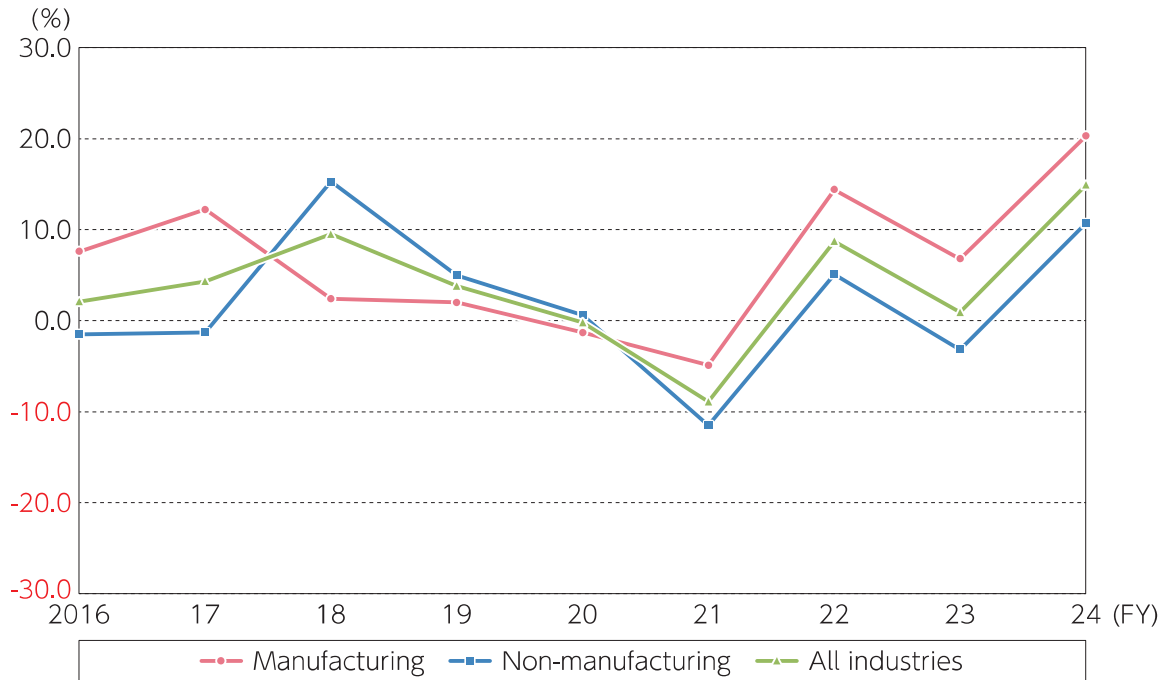

Kansai region: Type A
 Note: Nominal GDP in 2022. The figure for Kansai is based on its nominal GRP for FY2021 (April 2021–March 2022). The 2022 exchange rate was JPY 131.43 to the US dollar.
 Sources: UN, "National Accounts Main Aggregates Database", Cabinet Office, "Annual Report on Prefectural Accounts"

Figure 8 Value of manufactured goods shipments

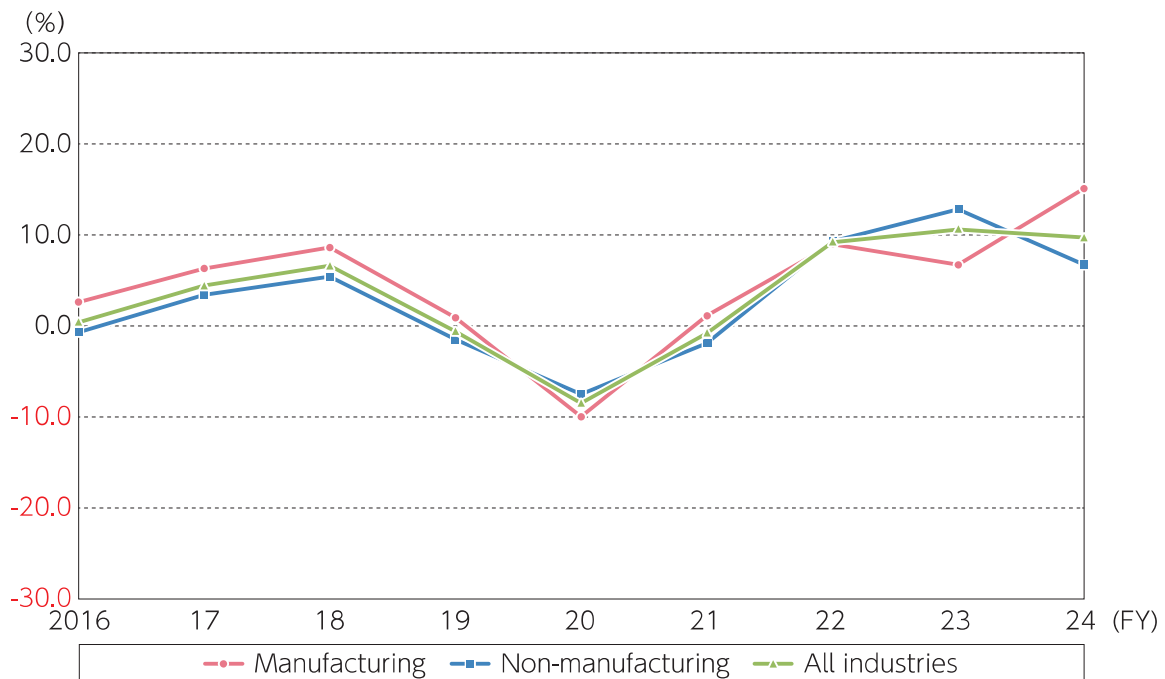

Kansai region: Type B
 Note: Excluding establishments operated by individuals or by non-corporate organizations
 Source: Ministry of Economy, Trade and Industry (METI), "Census of Manufactures"; for 2015 and 2020, Ministry of Internal Affairs and Communications (MIC) and METI, "Economic Census for Business Activity, Results"; for 2022, MIC and METI, "Survey on the Actual State of the Economic Structure"

Figure 9 Capital investment in Kansai

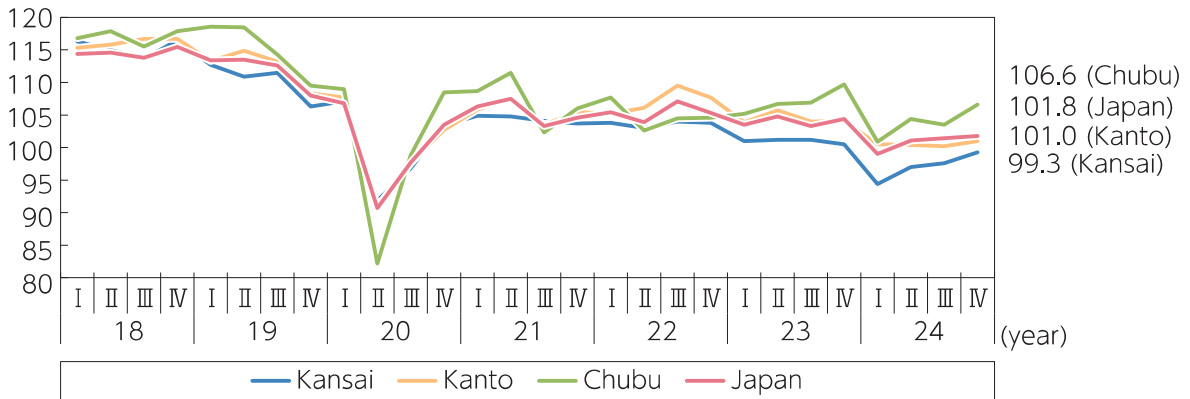

Kansai region: Type B
 Note: YoY. Figures for FY2024 are the planned values as of December 2024.
 Includes investments in land, but does not include investments in software.
 Source: Bank of Japan, "Tankan (Short-Term Economic Survey of Enterprises in Japan)."

Figure 10 Capital investment in Japan

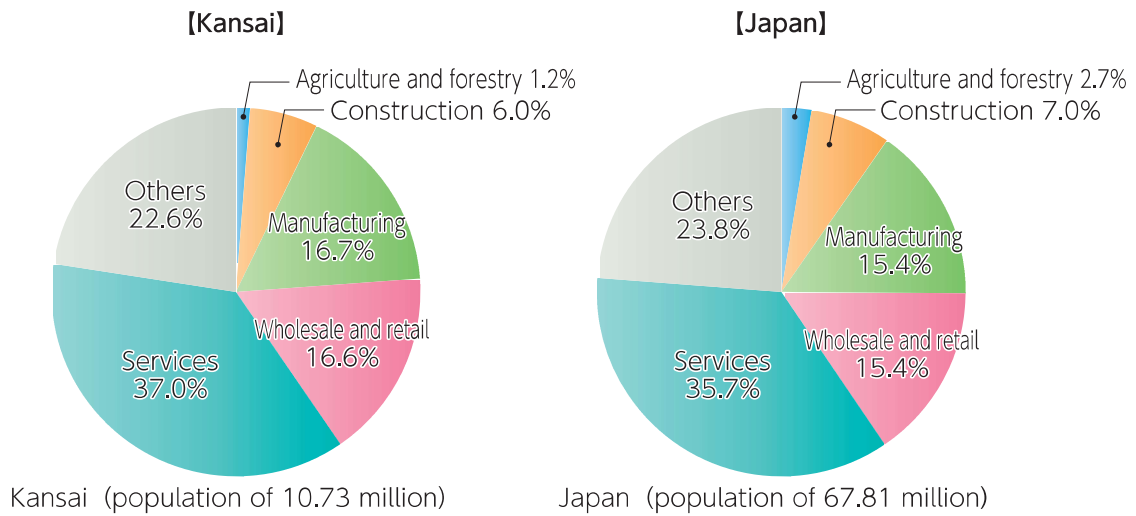

Note: YoY. Figures for FY2024 are the planned values as of December 2024.
 Includes investments in land, but does not include investments in software.
 Source: Bank of Japan, "Tankan (Short-Term Economic Survey of Enterprises in Japan)."

Figure 11 Index of industrial production (IIP)

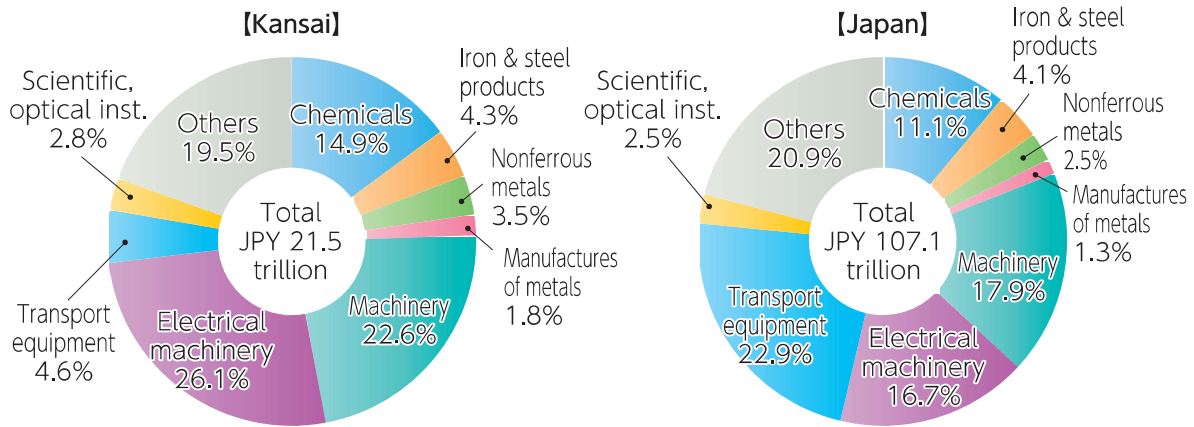

Kansai region: Type A
 Note: 2020 = 100. Seasonally adjusted.
 The Kansai, Kanto, and Chubu regions are under the jurisdiction of the Kansai, Kanto, and Chubu Bureaus of Economy, Trade and Industry, respectively.
 Source: Ministry of Economy, Trade and Industry, "Indices of Industrial Production."

Figure 12 Employment by industry (2024)

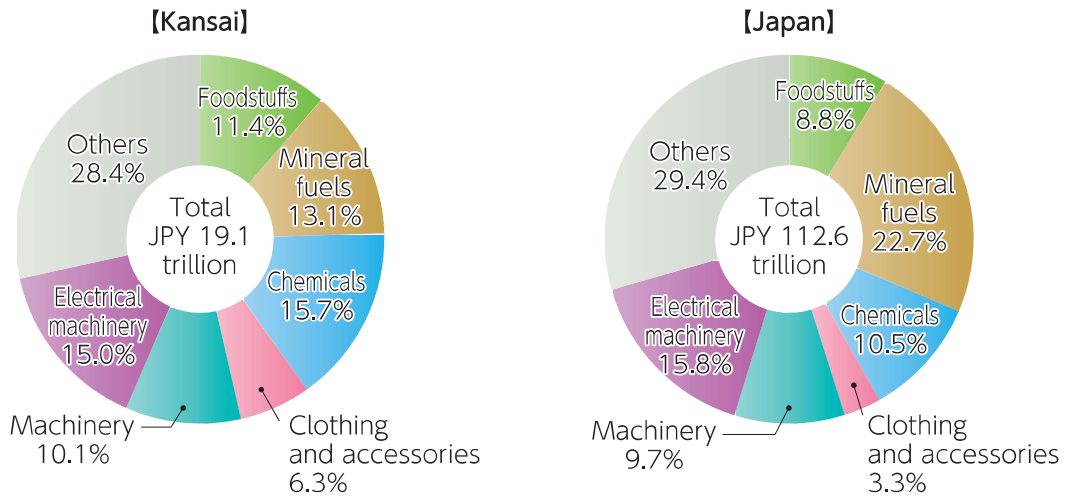

Kansai region: Type A
 Note: "Services" represents the total employment in the following industries: Hotels and Restaurants, Entertainment, Health and Social Work, Education, Mixed services, and Other services (not elsewhere classified).
 Source: Statistics Bureau, Ministry of Internal Affairs and Communications, "Annual Report on the Labor Force Survey."

Figure 13 Exports by product category (2024)

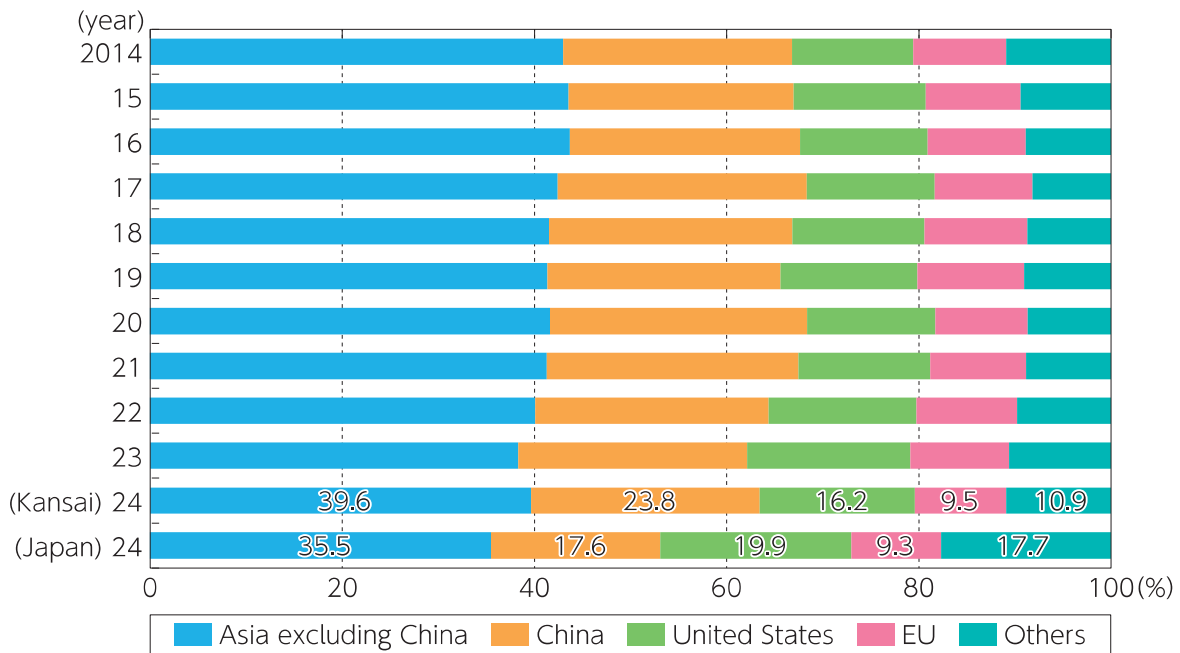

Kansai region: Type A
 Source: Ministry of Finance, "Trade Statistics for 2023. (Revised Confirmed Results)" Osaka Customs, "Trade Statistics of the Kinki Region for 2023. (Revised Confirmed Results)"

Figure 14 Imports by product category (2024)

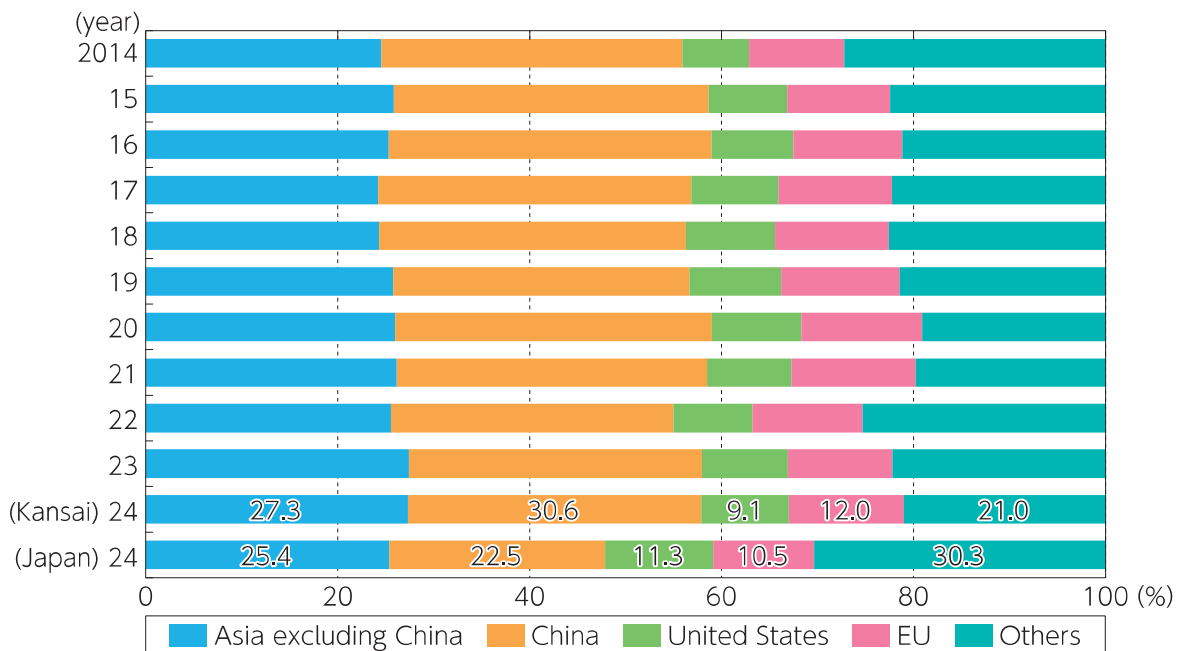

Kansai region: Type A
 Source: Ministry of Finance, "Trade Statistics for 2023. (Revised Confirmed Results)" Osaka Customs, "Trade Statistics of the Kinki Region for 2023. (Revised Confirmed Results)"

Figure 15 Destination of exports from Kansai

Kansai region: Type A
 Note: The figures for 2024 are revised confirmed values.
 Source: Ministry of Finance, "Trade Statistics" Osaka Customs, "Trade Statistics of the Kinki Region"

Figure 16 Origin of imports into Kansai

Kansai region: Type A
 Note: The figures for 2024 are revised confirmed values.
 Source: Ministry of Finance, "Trade Statistics" Osaka Customs, "Trade Statistics of the Kinki Region"
